

Kansas City Auto Auction

Kansas City, Missouri

Powell and Associates provided a Final Subdivision Plat and construction staking for Phase 1, consisting of one auction building and approximately twelve acres of parking lot. Powell and Associates also provided an ALTA/ACSM Land Title Survey of the completed Phase 1.

Once completed, the development will consist of approximately fifty acres of additional vehicle storage, a detail building, and five additional commercial lots. Powell and Associates will provide Final Plats on all phases and construction staking.
